

Disclaimer

Muthoot Securities Ltd., (MSTL) makes no assurances or representations express or implied, on products and services offered through the *Stockal* – Platform (“Stockal”) which is owned and operated by Borderless Investing Inc., and its affiliates (“Borderless Investing”). Borderless Investing through its SEBI registered investment advisor affiliate has entered into a clearing/carrying agreement with DriveWealth LLC., a broker-dealer and a member in good standing with FINRA to offer U.S. equities on the *Stockal Platform*. All investments involve risk and the past performance of a security, or financial product does not guarantee future results or returns.

Diversification may help to spread risk, it does not assure a profit, or protect against loss, in a down market. There is always the potential of losing money when you invest in securities, or other financial products. Investors should consider their investment goals and risks carefully before investing. Investors should be aware that system response, execution price, speed, liquidity, market statistics, and account access times are affected by many factors, including market volatility, size and type of order, market situations, system performance, and various other factors. MSTL makes no warranties or representations, express or implied, on products and services offered through the platform. It accepts no liability for any damages or losses, however, caused in connection with the use of related services.

Borderless Investing is neither acting in the capacity of a broker or investment adviser but is only that of a platform provider that facilitates investments in a diverse set of global assets from a single account from anywhere in the world. As such, Borderless Investing makes no warranties or representations, express or implied, on products and services offered through its website/platform. It accepts no liability for any damages or losses, however, caused in connection with the use of related services.

All information provided by MSTL through website and through other digital platforms of MSTL is for informational purposes only and does not constitute as an offer to sell or buy a security. Further, any information on the website is not intended as investment advice. Certain hyperlinks or referenced websites on the site, if any, are for your convenience and forward you to third parties’ websites, which generally are recognized by their top level domain name. Any descriptions of, references to, or links to other products, publications or services does not constitute an endorsement, authorization, sponsorship by or affiliation with MSTL with respect to any linked site or its sponsor, unless expressly stated by MSTL. Any such information, products or sites have not necessarily been reviewed by MSTL and are provided or maintained by third parties over whom MSTL exercise no control. MSTL expressly disclaim any responsibility for the content, the accuracy of the information, and/or quality of products or services provided by or advertised on these third-party sites.

MSTL’s role here is limited to that of a Referrer. MSTL will introduce the customer with the platform provider, Borderless Investing. Once customers have been referred, they are solely responsible for

any and all orders placed by them, and understand that all orders are unsolicited and based on their own investment decisions.

MSTL and any of its employees, agents, principals, or representatives do not provide recommendations of any security, transaction, or order; provide investment advice; produce or provide research to any user regarding any security, transaction, or order; handle funds or securities related to securities orders or effect the clearance or settlement of a user's trades..

All dealings including KYC will be undertaken by DriveWealth, LLC and Borderless Investing directly with the recipient and MSTL will not suffer any personal financial liability. There are a few restrictions and risks as well when it comes to overseas investing. The main risk is the currency fluctuations that would directly affect the returns. The cost involved in making such investments, intermediary fee and the taxation structure are also a deterrent if not a risk as these factors impact the overall return. Investments in securities market are subject to market risks, read all the related documents carefully before investing. For any further details regarding Stockal , please visit www.stockal.com
